

REMARKS

Applicant traverses the 35 U.S.C. § 112, 2d paragraph rejection of claims 4 and 9, but nevertheless, in order to move this case forward has amended claim 4 to delete the allegedly indefinite language, and recite that "the travel distance obtaining means obtain a travel distance based on a vehicle speed pulse signal generated with rotation of the wheels of the vehicle."

This language is clear and definite, and finds written support in the specification at page 10, lines 9-10, and page 13, lines 21-25.

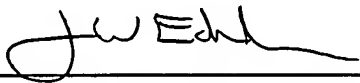

In view of the foregoing amendments and remarks, Applicant respectfully requests reconsideration and reexamination of this application and the timely allowance of the pending claims.

Please grant any extensions of time required to enter this response and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
